

S.O.S PRESS RELEASE
AUGUST 8th 2023 8:00AM

I'm Republican Xan John, running for Governor, here to give Louisianans a seat at the decision-making table and raise the standard of living in this great State. I will fight for a pro-human future and to lower taxes.

I support: Trump, Tucker Carlson, The Constitution, The Bill of Rights, and Oil & Gas Industry.

I'm against: wokeness, lockdowns, liberalism, censorship, George Soros and the World Economic Forum.

Louisiana has more oil and gas than most nations. We need to explore, drill, produce and workover – NOT depend on OPEC or the UN.

I stood up and told the truth since 2020 back when it was the hardest to be an outspoken patriot. I never wore a mask, took mRNA or believed the media!

Louisiana needs to adopt the state legislation that makes Delaware, Florida, and Texas so attractive to freedom lovers as well as business and gun owners.

Ask yourself, is your candidate Pro government or Pro freedom?

Let's make Louisiana a sophisticated tax-haven.

Let's always keep Louisiana open and free.

Let's Make Louisiana Great Again.

Demand Xan John for Governor!

Louisiana First!
